Goals, Objectives, and Metrics

What evidence would you accept as an indication that your project was successful and has had an educational impact? What outcomes or measurements will be in place to determine if learning has occurred? *

If you are a returning school, based on previous years' challenges, what changes or refinements did you make for this year?

Please describe any post-project plans for your activity. *

What plans have been made for financial sustainability, should supplemental funding not be available for next year? *

Application Process Survey

The online application process is a brand new system for the FIRST Buckeye Regional Planning Committee. In order to help us support FIRST Buckeye teams in the most effective way possible, please complete the questions below regarding the new online process for submitting grant applications.

Your responses to these questions will be separated from the application itself and will not be used IN ANY WAY to determine grant awardees.

Based on the potential reward your team could receive, how would you rate the length of this application? *

1 2 3 4 5 6 7 8 9 10

Not Long Enough Too Long

Please comment on your answer to the previous question. *

If it was too long, how do you feel it could be shortened? If it was too short, what do you feel was missing?

How does this process compare with efforts made for other funding support? *

1 2 3 4 5 6 7 8 9 10

Much Easier Much More Difficult

Please comment on your answer to the previous question. *

If it was easier, what made it easier? If it was more difficult, what could we do to make it easier?

Are there any additional comments you wish to share?
